Package 1

The Home Package

£150.00

- ✓ 1 – 2 Page Design
- ✓ Search Engine Submission
- ✓ Email account setup
- ✓ Designed to W3C compliant standards
- ✓ Web Hosting for only £12.99 per month
- ✓ SEO (Search Engine Optimisation) for £99

Our home website design package is designed for the home user or small business that only requires one or two pages, this is ideal for anyone looking to establish their first Web Presence. Typically you would have your contact details and perhaps hours of trade for a business that doesn't need to do online trading. In terms on the sites content, this would be supplied by the client, however we able to advise on copywriting and can also source images for you.

Our home package allows you to have the choice of one or two web pages designed to a bespoke design, no templates used anywhere! All our website designs are constructed to meet W3C standards and guidelines (W3C is the Worldwide Web Consortium), our website design packages are written with search engine optimisation in mind by using correct coding techniques to ensure your website can be found where you need it.

We can improve your websites Google ranking too! This is referred to as SEO (Search Engine Optimisation). If you want your website to appear on the first 3 pages of Google when somebody searched for it you can typically pay onwads of £500 for this. This fee just isn't realistic for many small businesses so we offer the same service for just £99 when you choose one of our design packages.

Package 2

The Standard Package

£500.00

- ✓ 3 – 7 Page Design
- ✓ Bespoke Design
- ✓ Advanced Media Design
- ✓ Email account setup
- ✓ Designed to W3C compliant standards
- ✓ Web Hosting for only £12.99 per month
- ✓ SEO (Search Engine Optimisation) for £99

Our standard website design package is designed for home users, small to medium size businesses or organisations, this package is ideal for a complete web presence that gives you more than a basic one or two page website.

This package includes a complete bespoke design based around your business or organisation with up to seven web pages designed and included in the complete price, also included in the price is the addition of an animated flash banner for an inclusion into the website design. All our website designs are constructed to meet W3C standards and guidelines, our website packages are designed with the sole purpose of improving your business. We do this by using our experience and passion to ensure your website can be found where you need it.
